

1. **FPGEC**- the Foreign Pharmacy Graduate Examination Committee operates under the National Association of Boards of Pharmacy (NABP). The first step in obtaining licensure as a pharmacist in California is to submit an application for the Foreign Pharmacist Graduate Equivalency Examination (FPGEE). The FPGEC will evaluate your transcripts, diploma, and license/registration from your country of origin. Your pharmacy education must have had at least a four year curriculum if you graduated before 2003 and a five year curriculum if you graduate after 2003. You can obtain an application by contacting the NABP-FPGEC at 700 Busse Highway, Park Ridge, Illinois 60668. Telephone: (847) 698-6227. Website- www.nabp.net.
2. In order to be licensed in California as a pharmacist, you must pass the North American Pharmacist Licensure Examination (NAPLEX) and the California Pharmacist Jurisprudence Examination (CPJE). Before you can be scheduled for the CPJE and for the NAPLEX (if California will be your primary state), the board must determine that you are eligible to take the licensure examinations. The NAPLEX examination is developed by the NABP, and administered at PSI testing centers throughout the U.S. Please refer to the NAPLEX Registration Bulletin for forms and application requirements for the NAPLEX examination (available at www.nabp.net). The cost of this examination is \$485. You must remit the \$485 fee at the time you register on-line with the NABP. DO NOT send this application or fee to the California Board of Pharmacy. The CPJE examination is administered by PSI. There is an administration fee of \$33 that you will pay directly to PSI for test administration services before you will be scheduled for the examination. DO NOT send this fee to the Board of Pharmacy.
3. **Foreign Pharmacy Graduate Examination Committee Certification**- The certification program documents the equivalency of your foreign pharmacy education as well as your foreign license and/or registration. In order to obtain a certification, you must pass the FPGEE exam, the Test of English as a Foreign Language (TOEFL) and the Test of spoken English (TSE). The English exams must be successfully completed within two years of passing the FPGEE. They can be taken either before or after the FPGEE. The cost for the Initial Application in 2011 is \$800. This includes the evaluation of your credentials and the fee for the FPGEE examination. If you fail the exam, you must submit a new application form and pay a fee of \$600 for the examination.
4. **California State Board of Pharmacy** You can also submit at this time the Application for Registration as an Intern Pharmacist. A fee of \$90 must accompany the application. If the board finds that your education does not meet the requirements, they will advise you of the number of units of collegiate study that you must complete to satisfy the requirement. The address for the board is 1625 N. Market Blvd, Suite N219, Sacramento, CA 95834. Telephone: (916) 574-7900. Website- www.pharmacy.ca.gov.
5. **Pharmacy Internship**- Once the board verifies the information from FPGEC, they will send you an intern permit at which time you can locate your own intern position and begin to accumulate the required 1,500 hours.
6. **California Practice Standards and Jurisprudence Examination for Pharmacy (CPJE)** It is a 90 questions multiple-choice examination over 2 hours. After you complete all 1,500 hours of your internship, pass the licensure examination and submit the initial licensing fee of \$150 you will be licensed as a pharmacist in California.

NOTE: **Pharmacy Technician**: You may want to consider applying to the California Board of Pharmacy to become a Registered Pharmacy Technician. You can qualify as a pharmacy technician if you are certified by the Pharmacy Technician Certification Board. To be certified you must pass a national exam. You can go to www.ptcb.org to learn more about the certification and examination process or contact them at (202) 429-7576. Becoming registered and working as a pharmacy technician while you pursue your pharmacy license can offer you valuable experience about the profession of pharmacist in the United States.
